DEVELOPMENT EXPERIENCE

Contract/Freelance Web Developer

February 2015 - Present

Instructor (Volunteer) - HTML/CSS

December 2014

- Taught Intro computer science and html/css as part of national Hour of Code project

The Iron Yard Academy

September 2014 - December 2014

Rails Engineering Student

- Attended intensive code school requiring 60+ hours per week of instruction and project-based learning
- Developed and shipped Rails applications on a daily and weekly basis
- Honed ability to learn, problem-solve and troubleshoot from documentation and direct implementation

BrewPinting: brewpinting.herokuapp.com GitHub Repo: github.com/wayjwilliams/brew-pinting

- Pinterest-ish pub site Ruby/Rails, Devise, Bootstrap, JavaScript/CoffeeScript/JQuery, HTML/CSS

Monty-Tubular: monty-tubular.herokuapp.com GitHub Repo: github.com/wayjwilliams/monty-tubular

- My spin on the JavaScript/JQuery plugin Tubular pulling from YouTube's API. Deployed on Heroku w/Rack

KataWay: kataway.com GitHub Repo: github.com/wayjwilliams/kwfinal

- Habit-formation app featuring Ruby/Rails, Devise, Bootstrap, JavaScript, JQuery, HTML/CSS, Heroku

OTHER PROFESSIONAL EXPERIENCE

Gulf Coast Bank & Trust

July 2012 - September 2014

Account Executive: Gulf Coast Business Credit

- As an Account Executive, audited contracts/invoices in the transportation and oil & gas industries to provide funding on a daily basis.
- Worked with team in Accounts Receivable capacity, posting and matching payments daily from hundreds of different payors.
- Created pdf tools to streamline funding approval process and help in overall effort to become as "paperless" as possible as a bank.
